**STUDY MEDICINE
IN THE UK**

STUDYING MEDICINE

Medicine courses are among the toughest and most competitive programmes for an international student to gain admission to. As a medical student you will need to juggle the challenges of clinical, academic, practical and ethical learning, while at the same time enjoying all the social aspects of being at university.

There are over 30 medical schools in the UK, and we offer specialist advice on which institution is right for you, ensuring your application stands out.

List of UK Medical Schools

Deciding which medical school in the UK to apply to can be a difficult decision. Factors such as rankings, course structure, reputation and cost all play a part in the decision, as well as the number of spaces available to International students.
