Previous Studies

Your education history and how it relates to what course you are applying for.

My career goal is to assist a non-profit organisation to expand its services and reach globally. I want to help NPOs to achieve a suitable balance between the competing goals of maintaining solvency (with sufficient funds for activities) and social efficacy. I believe that working for a management consulting agency specialising in non-governmental organisations will allow me to attain my goal.

At undergraduate school, I read sociology to study more about human nature, organisation and drives. For my graduation thesis, I researched non-profit organisations, particularly in China in terms of structural and legal problems, and the future of non-profit organisations.

While I was at high school and university, I was very involved in activities ranging from local to global. From the first year, I worked for a variety of non-profit organisations as a counsellor at City Hall.

After graduating, I chose to work for a consulting company to gain consulting skills. I gained great experience in analytical skills such as marketing research, data analysis, and personnel evaluation.

I was involved with many practical activities related to establishing new organisations, helped to plan charity events, and spoke on a lecture circuit about many themes of non-profit sectors. Besides these local activities, I also participated in many worldwide conferences such as the 1st International Youth Conference in Kenya, held by the *World Youth Alliance* during my stay in London. During the past ten years I have been engaged in many NPO activities, encountered more than 200 organisations all around the world, and gradually become intrigued by not only the practical activities but also the management aspects of organisations. The question: what is the best way for these organisations to be managed from the viewpoint of commitment to their mission and how to balance profitability and sociality?

I wish to live and study in Britain to experience a liberal culture that exposes me to new ideas and perspectives, this will help me to develop a global outlook.

To achieve my objective, it is imperative for me to gain a sophisticated and wide knowledge of all aspects of business and particularly management. Thus, the postgraduate Business and Management programme at your university is the best course for me because this course will not only allow me to obtain essential skills like specialised management and marketing research but also help to hone my logical abilities and inspire me to visionary ideas for the coming future.

Clearly state what you wish to achieve by studying this course.

To Whom It May Concern:

It is my pleasure to recommend Ms. Smith for admission to your program. I instructed Ms. Smith in her junior and senior years in my regular Social Psychology class held once a week and in my Social Psychology seminar. Also, I gave her guidance on her graduate thesis as the instructor in charge. Through her dedication to her studies, and the eagerness with which she approached her research projects, **Ms. Smith has proven herself to be a truly mature and responsible individual.**

As a professor of Humanities and Social Science, specializing in Social Psychology, at your University, I have come across many students with an outstanding knowledge and understanding of Social Psychology and related areas. However, Ms. Smith is such a rare student in that **she contributed to my seminar in a meaningful way by providing feedback and interaction which was gained from references in English and also by sharing her work experience with other seminar members.** Her efforts and attitude to broaden her horizons through my lectures and her own research were quite remarkable.

I believe not only that Ms. Smith will gain much from the opportunities and experiences afforded her by your university, but also that she will perform admirably and greatly contribute to your program. Ms. Smith is an outstanding student, and I give her my full recommendation.

Yours sincerely,

Mr. John Tupper
